I looked over the SNLs and found two things:

- ~~1)~~ The numbering of the points listed in the Introduction section of all letters is incorrect. The number 2 is skipped, and numbers go from 1 to 3. The correction will involve changes on Page 1, and in some cases Page 2, of the letters.
- 2) The draft AOC still contains a blank for the date that we notified the trustees of negotiations with PRPs (Para. 1.3). As I mentioned previously, I thought the intent of this provision was to make the trustees aware of our negotiations in advance of them actually starting. Thus, I believe we should have already notified the trustees. Is my understanding incorrect? Or is it possible we have sent the notification, but simply not filled in the blank?

That's it from me. I'll be out of the office for the next few days, returning on Wednesday. I signed off on the package and left it on my guest chair. Please make the appropriate corrections and then pass the package along to Linda.

Thanks.
